Profile

Crafting reality with a sprinkle of creativity, I'm a software developer with over a year of experience in building apps. I work with tools like React Native, Python, and SQL to improve how apps look, feel, and manage data. I've helped create interactive features and improved product quality in fast-moving teams.

Experience

IT TRAINEE | SIPRADI TRADING PVT. LTD | MAY 2025 - PRESENT

- Automated data integration from websites (built with ReactJS, Python, and FastAPI) into Microsoft Navision (NAV), boosting operational efficiency.
- Gained expertise in ERP systems (Navision & Business Central 2023), optimizing workflows and data synchronization.
- Led logistics process automation in Navision, enhancing tracking and operational insights.
- Developed an EPOD (Electronic Proof of Delivery) system with digital signatures for streamlined delivery confirmations.

REACT NATIVE – INTERN | PLACEMENT NEPAL | JULY 2024 – FEBRUARY 2025

- Developed and deployed interactive animations, boosting user engagement by 30% through enhanced visual experiences.
- Engineered customizable printing options with 95% accuracy, reducing print errors by 20% and improving user satisfaction.
- Collaborated with cross-functional teams to integrate new features, increasing deployment efficiency by 15% and accelerating release cycles.

QUALITY ANALYST/TESTER | YARSA LAB | MARCH 2020 – JULY 2021

- Enhanced functionality and usability of board games (Dominoes, card games) and 3D simulations (driving, parking).
- Ensured optimal performance across multiple gaming platforms.
- Analyzed product reviews and reported defects/errors to the development team for resolution.

Education

BACHELOR'S - COMPUTER ENGINEERING | KHOWPA ENGINEERING COLLEGE, LIBALI BHAKTAPUR | OCTOBER 2023

- Graduated with a GPA of 3.30 out of 4, demonstrating strong academic performances.
- Completed major courses in: Artificial Intelligence (AI), Software Engineering, Data Mining and Data Warehousing
- Gained in-depth knowledge and practical skills in these key computer science areas.

Skills & Abilities

- Python
- FastAPI
- SQL
- Automation Language (AL)
- React JS and React Native
- Documentation & Review Skills
- Excellent interpersonal and communication skills
- Poised under pressure
- Fun and energetic

Activities and Interests

Listening music, playing multiplayer games, watching movies, driving

Certification

- JavaScript Algorithms and Data Structures
- Web Scraping, Analysis & Visualization with Python/Power BI
- Introduction to Machine Learning
- Python Data and AI Fundamentals

Language Proficiency

- Nepali - Proficient (C2)
- Hindi - Advanced (C1)
- English - Intermediate (B1)
